## RESCUE STRETCHER KIT (MORS)

### KEY BENEFITS:

Uses a block and tackle or davit arrangement to allow retrieval to be made horizontally without risking further injury to the casualty

The Rescue Stretcher is available in two sizes - 9 x 8 or 11 x 10

The CPRD can also be used for other applications where casualties are in a position to recover themselves from the water such as canal lock's, dock walls and pontoons

Additional high visibility floats can be fitted, supplying positive buoyancy to the end of the PRD
